DAD SAYS WE'RE ALL SET FOR YEARS AND YEARS!

Our new automatic GAS water heater is a kind with a 10-year Warranty Plan!

You can be all set for years and years of trouble-free service, too. Just be sure, when you buy a new water heater, that it's an automatic gas water heater with a 10-year Warranty Plan. That way, you assure yourself of a top-quality appliance—one that's built of heavyweight steel—one that's been made corrosion resistant. Your plumber dealer or your Gas Company will gladly give you the details on the 10-year Warranty Plan.

Be sure of the right size. Choose an automatic gas water heater big enough to keep up with your family's present and future demands. The chart at right shows how big a tank you should have. Be sure it's a gas water heater. Why? For two good reasons—gas heats water 3 times faster than any other fuel and it costs you less, too.

Painting Stucco

Answers to questions about Nalcrete

Q. What new development has revolutionized the painting of stucco homes?

A. "Dutch Boy's" amazing new polymer paint, Nalcrete.

Q. How does Nalcrete differ from ordinary paints when first applied?

A. Ordinary stucco paint often looks blotchy at first then "weathers" out to a uniform color. But Nalcrete gives a beautiful, uniform color the instant it is dry.

Q. What happens as Nalcrete "ages"?

A. Nalcrete holds its color without fading; washes sparkling clean in hard rains, leaves no dirty streaks. It defies sun, storm and fog, and, most important, it does not react with the alkali present in most masonry surfaces.

Q. Is Nalcrete available in colors as well as white?

A. Yes... in a wide range of colors from the "Dutch Boy" Color Gallery, plus easy intermixes.
